3214 FINAL BUFFET
MEDICATED
FOR PREVENTION OF COCCIDIOSIS CAUSED BY EIMERIA CRANDALLIS, E.
CHRISTENSENI AND E. NINAKOHL-YAKIMOVAE
ACTIVE DRUG INGREDIENT
MONENSIN........................................................................................................20 g/ton

GUARANTEED ANALYSIS
Crude Protein ........................................................................................................ Min. 14.0%
(This includes not more than 1.5% equivalent crude protein from non-protein nitrogen)
Crude Fat ................................................................................................................ Min. 4.5%
Crude Fiber ........................................................................................................... Max. 16.0%
Calcium ................................................................................................................ Min. 0.8% Max. 1.8%
Phosphorus ........................................................................................................... Min. 0.45%
Salt ........................................................................................................................... Min. 0.8% Max. 1.2%
Sodium .................................................................................................................... Min. 0.31% Max. 0.52%
Selenium ................................................................................................................. Min. 0.20 ppm

INGREDIENTS
Grain Products, Processed Grain Byproducts, Plant Protein Products, Roughage Products,
Molasses Products, Soybean Oil, Corn Starch, Calcium Carbonate, Salt, Ammonium Chloride,
Potassium Sulfate, Magnesium Sulfate, Magnesium-Mica, Magnesium Oxide, Yucca Schidigera
Extract, Betaine (Hydrochloride), Copper Sulfate, Cobalt Carbonate, Lactic Acid, Fenugreek
Extract, Potassium Chloride, Vitamin E Supplement, Vitamin D-3 Supplement, Zinc Sulfate,
Thiamine Mononitrate, Chicory Root, Red Pepper, Anise Oil, Cloves, Saccharin Sodium,
Hemicellulose Extract, Origanum Oil, Lemongrass Oil, DL Tocopherol-Acetate, Sodium Selenite,
Cholecalciferol (D-activated Animal Sterol), Ethylenediamine Dihydriodide, Natural Flavor,
Propionic Acid, Sodium Calcium Aluminosilicate, Silicon Dioxide, Mineral Oil.

FEEDING DIRECTIONS & PRECAUTION STATEMENTS: SEE REVERSE

MANUFACTURED BY
MEISS FEED AND SUPPLY
245 S. STATE ROUTE 47, SIBLEY, IL 61773
217-745-2302

NET WEIGHT: 50 LB BAG OR BULK INVOICE
FEEDING DIRECTIONS
Feed continuously to growing kids fed in confinement once goats average 60% of intended market weight. It is important to provide hay as an addition to their daily intake. Provide kids continuous access to clean, cool water. Store feed in a cool, dry location free of insects, rodents, and other pests. Do not feed if mold or infestation occurs.

CAUTION FOR ALL PRODUCTS CONTAINING MONENSIN:
DO NOT allow horses or other equines access to feeds containing Monensin. Ingestion of Monensin by horses has been fatal. Monensin medicated cattle and goat feeds are safe for use in cattle and goats only. Consumption by unapproved species may result in toxic reactions. Feeding or mixing errors resulting in high concentrations of Monensin could be fatal to cattle and goats. DO NOT exceed the levels of Monensin recommended in the feeding directions as reduced average gains may result. If feed refusals fed containing Monensin are fed to other groups of cattle, the concentration of Monensin in the refusals and the amount of the refusals fed should be taken into consideration to prevent Monensin overdosing. A withdrawal time has not been established for pre-ruminating calves. DO NOT use in calves to be processed for veal. Do not feed to lactating goats.

CAUTION: Contains copper DO NOT feed to sheep!
